

ADAMS'S SUCCESSOR HAS BEEN CHOSEN

E. Benjamin Andrews of University of Nebraska, Offered Vacant Post.

A NOTED EDUCATOR

At One Time Head of Brown University, and Later Sup't of Chicago Schools.

THE SALARY IS \$10,000

Lincoln, Neb., May 23.—Special—Chancellor E. Benjamin Andrews of the State University has received a call to become head of the Wisconsin State University at Madison at a salary of \$10,000 a year. He has not yet determined upon his course.

The students of the University of Nebraska had a mass meeting this morning and passed resolutions deploring the rumored resignation of Chancellor Andrews to accept the presidency of the University of Wisconsin.

E. Benjamin Andrews, who is reported to have been called to the head of the University of Wisconsin, is a former president of Brown University of Providence, R. I., and later superintendent of public schools in the city of Chicago. He is a noted educator and during the Bryan campaign of 1896 was a prominent follower of that distinctive doctrine. His work in Chicago, as head of the educational department, lasted but three years and he was then called to the University of Nebraska as their chancellor. He has been there for the past two years and has much to do with the growth of that institution.

Should Mr. Andrews decide to accept the call from Wisconsin his salary of \$10,000 is larger than has ever been paid to any Wisconsin president before. President Adams received during his term of office \$7,500.

ANOTHER ERUPTION TERRORIZES CITIZENS

Mont Pelee Is in Violent Activity, Causing Consternation on Martinique Island.

Fort de France, May 28.—Mont Pelee is again in a state of violent activity and overwhelmed the northern part of the island.

Six houses were destroyed at Basse Point, but no deaths have been reported. The inhabitants of Marigot, Grand Anse, Macouba, St. Jacques and Ajoupa Bouillon are in a state of terror.

Prof. Robert T. Hill, the American geologist, is said to have advised the evacuation of these towns, and recommends the town of Trinite as the site for a new city.

Ten thousand persons are deserting the northern part of the island and coming to Fort de France, which is already overcrowded with refugees.

Reports state that Pelee continues to emit ashes and molten matter, which is covering the mountain.

George Kennan, the Siberian explorer and lecturer, who came to Martinique on the Dixie, has disappeared. Last Thursday Mr. Kennan left for an expedition into the interior of the island, accompanied by M. Jacassi. Nothing has since been heard from them and there is considerable anxiety regarding their safety.

Prof. Hill has gone on an expedition which will try to reach the peak of Mont Pelee.

At 8:45 o'clock Monday night vivid flashes of lightning illuminated the skies, badly frightening the people, who thought the lightning portended another disastrous eruption of Mont Pelee and many of them hastily left the city. A majority of the population crowded into the streets and gazed with awe and fear at the peculiar flashes, which stretched across the heavens for an extraordinarily long distance.

This display lasted for nearly two hours and then subsided, whereupon the people returned to their homes, where they remained disquieted throughout the night. It rained here all day Monday and the lightning at night was due to the natural atmospheric conditions, but of this the people would not nor could not convince themselves. As a matter of fact, worse displays of lightning have been seen here, but now the slightest disturbance terrifies the people.

OHIO KNIGHTS OF PYTHIAS MEET

Thirty-third Convention of the Grand Lodge in Session at Cincinnati.

Cincinnati, O., May 28.—The thirty-third annual convention of the grand lodge of Ohio, Knights of Pythias, is in session here. The Rathbone Sisters also held their annual meeting. It is estimated that over 1,000 knights will be in attendance, and the influx of visitors will reach thousands. Mayor Fleischmann made the address of welcome to the grand lodge and Hon. L. W. Ellenwood, grand chancellor of Ohio, responded. The meeting was preceded by a brilliant parade of knights in uniform.

Smallpox is rampant in Dowies' new city of Zion near Kenosha.

TEAMSTERS ARE STILL DEFIANT

They Keep Packers from Delivering Meat Orders, and Intimidate New Drivers.

Chicago, May 28.—The possible meat famine in Chicago is increasing. The packers smuggled several carloads out of the stockyards this morning but the striking teamsters prevented the delivery of the meat, either by persuading the drivers to join their ranks or by preventing the delivery.

Several riot calls were turned in but there are no serious outbreaks. The police are on the alert and a reserve force of men are held at the stock yards station.

POLITICS STILL DOMINATE ALL

Warden C. C. McClaughry Forced to Quit, to Please Carpet-Baggers.

HE HAS RESIGNED

Another Nail Is Placed in La Follette's Political Coffin by This Last Act.

A COMPETENT MAN

Madison, Wis., May 28.—Special—The State Board of Control today accepted the resignation of Warden C. C. McClaughry of the state prison, to take effect at once.

A. G. Nelson, a member of the board, left for Waupun this afternoon to take charge. No one is in sight for the place.

The forced resignation of Warden McClaughry of the Wisconsin state prison is an outrage that will be generally condemned throughout the state. Mr. McClaughry is recognized as one of the best prison wardens in the country. He is not a politician and has always been noted for strict observance of duty. Under his wise management the old rat trap of a prison was transformed into a model institution. But the governor wanted the place for a political friend, and a weak and incompetent board truckled to his demands. The state is the loser in the deal and it will prove another nail in the governor's coffin.

NEWS FROM NATIONAL CAPITOL.

Discuss Cuban Bill.

Washington, May 28.—The Republican members of the committee on relations with Cuba held a meeting, but reached no definite agreement. Members of the committee say they believe an agreement will be reached before the end of the week and expect to report a measure upon which a majority of the Republicans of the Senate will unite. The present indications are that the bill to be reported will provide for a straight reduction of 20 per cent to run for five years and that there will be few, if any, other provisions in it.

Tributes for McKinley.

Washington, May 28.—A beautiful floral tribute is to be sent from here by the Department of the Potomac, Grand Army of the Republic, to be placed on the casket containing the remains of the late President McKinley at Canton on Decoration day. George E. Davis, quartermaster general of the department, conferred with Secretary Cortelyou, and it was decided to send the remembrance to Mrs. McKinley for her to take to the cemetery. A similar offering is to be sent from the White House.

New Trial for Boyer.

Washington, May 28.—Secretary Root has ordered the judge advocate general to review the case of Lieutenant Fred Boyer, convicted of embezzlement in the Philippines a year ago. It is charged that he embezzled \$649 worth of stores while acting as chief of commissary for the department of southern Luzon. After conviction he was offered a pardon, but declined it, insisting that he was innocent. He has been given certificates of non-indebtedness by the various army bureaus.

May Prosecute O'Brien.

Washington, May 28.—Captain McDonald continued his testimony before the Senate Philippine committee, submitting proof that Corporal O'Brien had testified falsely with reference to the assaulting of Filipino women by American officers. Senator Lodge, chairman of the committee, said steps would be taken to prosecute O'Brien for perjury. Captain McDonald denied stories of torture by the "water cure," but admitted that he had burned a number of hostile villages.

Chilean Extradition Treaty.

Washington, May 28.—Secretary Hay closed up one of the principal places of refuge for criminals committing crimes in the United States, when he exchanged the final ratifications with Walker Martinez, the Chilean minister here, of the new Chilean extradition treaty. The United States never has had such a treaty with Chile and some of the most notable defaulters and embezzlers from the United States have found safety in that country.

president Roosevelt and his cabinet were present.

Sixteen hundred troops escorted the body from the embassy to the church. Twelve American soldiers and marines acted as active pall bearers.

The casket was draped in a British flag and bore as its sole adornment a wreath of white roses and lilies of the valley from King Edward.

SOUTH AFRICAN PEACE GETS SERIOUS SETBACK

Strong Boer Minority Opposes Terms Laid Down by Great Britain's Representatives.

London, May 28.—There is a distinct setback in the recent optimism concerning the conclusion of peace. Both the cables from Pretoria and political dispatches dealing with the Cabinet concern in declaring that the questions raised by the Boer delegates constitute a grave difficulty that will lead possibly to the breaking up of the conference.

A dispatch from Pretoria, dated Tuesday, refers to the irreconcilable minority, including several well known Boer leaders, as opposing surrender unless they are given important assurances, which Lord Milner has been informed are impossible.

The Daily Mail's Pretoria correspondent says there is little chance of surrender unless the leaders who have accepted the British terms succeed in bringing pressure on some of their colleagues. The delegates are still in Pretoria awaiting Great Britain's final reply.

It is stated in London that a majority of the delegates at Vereeniging probably include a majority in favor of peace, but if the minority is large and determined enough the majority will not detach itself therefrom.

A statement is issued by a news agency that Lord Kitchener will become Adjutant General to the forces instead of taking command of the Indian army, as reported previously.

To Be Kaiser's Guests.

Berlin, May 28.—Emperor William has directed that Adj. Gen. Corbin, Gen. S. M. B. Young and Gen. Leonard Wood shall be his guests at the German military maneuvers next fall.

Springfield, Ill., May 28.—Auditor McCullough has issued the final permit for the opening of the Federal Trust and Savings bank in Chicago, with a capital of \$2,000,000.

Fatally Bitten By a Snake.

Evansville, Ind., May 28.—Edward Hyatte was bitten by a large black diamond rattlesnake and will die.

Confirm McCormick.

Washington, May 28.—The Senate in executive session confirmed the nomination of Robert S. McCormick of Chicago to be ambassador to Austria-Hungary.

President Signs Two Bills.

Washington, May 28.—The President has signed the Indian appropriation bill and the omnibus claims bill.

AGED THESPIAN HAS SAD STORY

Edwin, Brink Spent Two Years in Prison, Charged with Aiding in Lincoln's Death.

Beloit, Wis., May 28.—(Special)—Playing at the Goodwin Opera house in this city is a man who for two years was under ban of the United States government and confined in the city prison at Washington as a suspected accomplice of John Wilkes Booth, President Lincoln's assassin. Despite the time that has elapsed since the crime was committed the veteran old Thespian still hesitates to speak of the awful experience he underwent while a government suspect.

Edwin Brink is his name and his age is 74. For several years previous to the opening of the civil war he had played with Booth in different companies. Had been a friend of the man who afterwards killed the president and a few minutes previous to his dastardly act had actually been drinking with him in a saloon next to the Ford theater.

Mr. Brink at the outbreak of the war enlisted in the union army. He served with distinction throughout the battles his regiment was engaged in and was in Washington on a furlough when the president was shot. Knowing Booth as he did he stopped to have a drink with him while he was on the way to commit the deed he afterwards died for.

Booth's escaped and was afterward shot like a cur while trying to escape the vengeance of the law. Brink was arrested at once and for two years was confined in the city prison at Washington until his innocence was fully established.

At present Mr. Brink is playing the old man's parts in the Flora De Voss Co. and living in the past. He refuses to talk of his experience with Booth and prefers to have no mention of that period of his life made. He is more than sensitive over the subject.

SECOND PRIMARY BILL DISCUSSED

Nominations Are Made Difficult and Increased Power to Machine.

NEW FACTS STATED

Senator Whitehead Gives Another Able Discourse on the Subject.

A SUBSTITUTE BILL

Senator Whitehead presents to the voters of Rock county his tenth letter on the famous Stevens bill its substitute and the Hagemaster bill. He clearly points out the difficulties to be overcome in making nominations and shows clearly the great increased machine power that the bill would give to the party in power at the time it was passed.

The Senator calls attention to the fact that the substitute measures were referred to as the fulfillment of the pledges given by the party and yet no plank of the republican platform could be found to correspond to the purport of the bills introduced. Janesville, Wis., May 27, 1902.

To the Gazette.

Clearly the friends of the Substitute Bill found it necessary to abandon certain positions taken in the Stevens Bill with reference to the ballot, and the qualification and the challenge of voters, but apparently no concession was thought of with reference to the petition provision for making nominations for primary election; and on the contrary, these nominations were made even more difficult and expensive for candidates to procure. It would seem to one of any experience in politics, who feared the domination of the "machine," that nominations should be made as simple and easy as possible. Any elector should have the right to offer himself as a candidate for any office which he is legally qualified to hold, whether he have a "machine" organized, ready to work for his nomination, or not, and the purity of nomination methods was quite as likely to be preserved by leaving the nominating way open to all who might wish to enter, as by hedging it about by difficulties which would only be removed by the efforts of a well organized "machine," and the outlay of money. It was often asserted on the argument that the "machine" dictated such nominations as suited its purpose. Obviously, if the people were averse to such domination, and were disposed to use their ballots to defeat "machine" candidates, the very presentation of them selves as candidates by men not acceptable to the "machine," would be an aid rather than a hindrance to voters in their opposition to the "machine."

There was no concession in the Substitute Bill in regard to the committee system, excepting only the changes which I have noted in reference to proxy voting.

Section 29 of the Stevens Bill, providing for a primary election to be held in April for the selection of delegates and alternates to national convention was omitted. No method was suggested for the selection of these delegates. Presumably, therefore, all parties were left free to choose their delegates to national conventions by the methods heretofore in use.

The method of canvassing the vote was changed to the relief of members of the committee in the following particulars: (1) If the canvass were of a city vote, it was to be made at the office of the city clerk "by the city clerk and chairman and secretary of the party city committee;" (2) If of a county vote, at the office of the county clerk "by the county clerk and the chairman and secretary of the county committee;" (3) If of a vote extending beyond the limits of any one county, "at the office of the secretary of state "by the secretary of state and the chairman and secretary of the state central committee."

The Stevens Bill provided that primary election day in September should be a legal holiday. The Substitute Bill omitted this provision.

A very unusual dilemma confronted the Legislature. When the Stevens Bill was presented, as I have already said, it was asserted, with all earnestness, that it fulfilled the party pledge. The same claim was made for the Substitute bill. As the members studied the bills, they became convinced that the party had not made a pledge, which called for such legislation as that proposed in either of the bills. The pledge referred to something which neither of these bills offered to make good.

The clerical details of the Substitute Bill do not call for further examination. It passed the Assembly March 22nd. The vote stood: "Ayes, 51; noes, 48, absent or not voting, 1." Two Democrats and 49 Republicans voted for and saved the bill. The Republicans who voted for the bill were 2 short of a majority of the house. The bill reached the senate on March 26th. It was made a special order for debate on the evenings of April 10th and 11th. The vote in the Senate was taken at the close of the debate April 11th. The question was on concurrence. The vote stood: "Ayes, 13; noes, 20." Every Senator was in his place and voted. Eighteen Democrats and two Republicans voted no, and thirteen Republicans

GIVE FIRST PLACE TO MISS KIMBALL

Board of Control Bars Carl Monshau from State Contest for Violation of Rules.

Miss Eureka Kimball, of the Janesville High school, who received second place in the district contest at Whitewater, will be the representative of the Whitewater district in the state declamatory contest at Madison, next Friday evening. Instead of Carl Monshau, of the Evansville High school, who was awarded first place, Mr. Monshau having been barred because he received professional training on his declamation in violation of the rules governing the district contest.

This decision has been reached by the state board of control and brings to an end a case which has been of interest not only to the two schools most directly interested but to all of the high schools of the district and even of the state. By its simple justice has been done and the schools have been taught that the rules adopted for the control of interscholastic contests, cannot be broken with impunity, either in letter or in spirit.

History of Case
The history of the case is an interesting one and is characterized by a peculiar conception of fair play and honest dealing on the part of the Evansville school. It is all the more reprehensible because the rule which has been broken in this case was practically forced on the district by the Evansville school and was aimed directly at Miss Kimball and at her instructor, Mrs. J. B. Day, who has been employed for private training by the majority of the Janesville contestants ever since these contests were inaugurated.

Rule of King's Making
The rule in question was adopted at a meeting of the district committee held in this city and provides that no contestant in the district contest shall receive training upon the selection given from anyone not regularly employed by the school board. This resolution was directly fathered by Principal H. F. Kling, of Evansville, who admits that it was prompted because of the feeling that the other schools were handicapped in appearing against Janesville. He claimed that this city had a great advantage in being able to secure Mrs. Day and that Miss Kimball's work, as well as that of others students, did not represent the school as much as it did Mrs. Day's private instruction. Of course, elocutionists were employed in the other cities but Prin. Kling made a strong plea for no professional training and threatened that his school would withdraw unless a rule were adopted which would restore a sort of amateur standing among the schools.

Peculiar Actions
In the light of these facts the course pursued at the Evansville school in preparing for the contest was at least peculiar. So far as is known it is the only school of the ten in the district which made any attempt to evade the law. While Miss Kimball continued her private lessons in elocution with Mrs. Day, she took no training whatever on the selection which she gave at the league and district contest other than the help she received from the High school teachers.

Evansville Evades The Rule
At Evansville the rule was cleverly evaded by the hiring of Mrs. Richardson as special teacher in elocution to prepare the contestants for the contest. Mrs. Richardson was hired by the board of education but she was paid out of a private fund raised for that purpose. With the sanction of Prin. Kling, who made the plea against professional training, and of the board of education, Carl Monshau was given the very advantage which the rule was intended to prevent.

News of this irregularity reached the other high schools but no protest was made at the league contest at Beloit. Indeed no action was taken until after the district contest at Whitewater when the principals of the schools in the district framed a formal protest and handed it to the chairman of the district. This committee thought that Mr. Monshau ought to be barred from entering the state contest and that Miss Kimball, who received second place, should be the representative.

Case Appealed By Kling
The case was appealed to the state Board of Control by Principal Kling and the evidence on both sides was forwarded to Mr. Schutz, of Merrill, state lycum manager. He submitted it to the state board of control and Mr. Monshau was barred by a vote of 5 to 1. Supt. H. C. Buell, who is a member of the board, requested to be excused from voting. The other members on the board are J. M. Hooper, Ashland; J. W. T. Ames of River Falls; Anna E. Anderson, Merrill; J. T. Edwards, Marinette; DeWitt Elwood, Dodgeville and D. F. Keeley, West Bend. The decision of this board is final and with the exception of Evansville, the district feels that the case has been decided on its merits.

Base Ball Game: The base ball teams representing the towns of Oxford and Footville will contest for honors at Footville next Saturday. The game will be played on the diamond at the school grounds and will be a fight to a finish. Both teams

WILL REPRESENT JANESVILLE

Oratorical Contest At Madison On Saturday Next

Frank Holt will represent the Janesville High school in an oratorical contest which is to be held at Madison next Saturday morning. In connection with the state interscholastic declamatory contest and athletic meet. This contest has been hastily arranged through the efforts of Supt. H. C. Buell and others who have been interested for some time in the idea of forming a state oratorical association. Next Saturday morning's contest will result in the foundation of such an association.

Four high schools will be represented in the contest: Ashland, Beloit, Janesville and Sparta. The orations to be given by the contestants have been submitted to Judges at Madison and the markings will be made on thought, style and delivery.

M. G. JEFFRIS NOW OWNS MILLS

He Purchases the Janesville Cotton Mills, Built in 1874, for \$30,000.

By a deal closed yesterday afternoon, M. G. Jeffris became the owner of the upper mill property of the Janesville Cotton Mills Co. The transfer was made at a meeting of the board of directors, and the price paid for the property was \$30,000.

The purchase includes a block of real estate, bounded by Franklin, Race, River and West Bluff streets on which is a three story brick building, 51x220 feet, a two story brick machine shop 40x50, and a power house and office all of brick. The deal also includes the frame building, 60x121, two stories high across the raceway and the water-power house on the river bank. Also 2,550 inches of first water rights beside interests in the second and other divisions of the water power.

There is also included in the deal a large engine and boiler that have been in use only a few years.

Secured A Bargain
Without doubt Mr. Jeffris has secured one of the biggest bargains ever offered in Janesville. The buildings are in a good state of repair and suitable for a number of manufacturing enterprises. Both railroads have sidetracks adjacent to the property which assures excellent shipping facilities and is an inducement to any manufacturing concern. The water-

power rights are in themselves a valuable acquisition and enough first water goes with the other property to always insure power when there is water in the river.

Built in 1874
The mill purchased by Mr. Jeffris was built in 1874 and for a number of years was a paying institution. Later on the lower mill was built and from that time on there has been a difference of opinion among the stockholders, that has led to the final sacrifice of the property.

Valued At \$65,000
A conservative estimate of the value of the property secured by Mr. Jeffris is put in the neighborhood of \$65,000 and it can easily be made to pay interest on that sum. Just what Mr. Jeffris will do with the property is not known but it is understood that negotiations are pending with a large manufacturing concern to use the unoccupied portion of the building.

Cigar Company Lost
The American Cigar Co. asked for a 30-day option on the main building at \$15,000, some time ago, but on account of this deal being in the air it was not given them.

\$1.00 to Rockford and Return, Via C. & N. W. R. R.
For the Women's Picnic at Rockford June 4. The Janesville and neighboring camps will leave Janesville on a special train via C. & N. W. R. R. at 8:10 a. m., returning leave Rockford at 8:00 p. m. Tickets will also be good on all regular trains of June 4th.

Popular Song Hits In The Chaperons
Mr. Isidore Witmark has furnished over a score of musical numbers for the tuncful operatic comedy, "The Chaperons." In which Frank L. Perley's immense organization of seventy fun-makers will be seen here at the Myers Grand, Thursday, May 26.

Among the most popular of the song hits may be mentioned "In My Official Capacity" by Harry Conor, the popular comedian, so many years with late Charles Hoyt's musical farces; "Somehow It Made Him Think Of Home," a topical hit by the imitator, Walter Jones; "My Low C" by the great buffo-basso Jos. C. Miron;

PLEASED A WELL CHOSEN AUDIENCE

Miss Katherine Willard Cleverly Portrays A Difficult Part in "Power Behind the Throne."

Charming personality, wonderful control of her facial powers and an exquisite tenderness of voice promise to place Miss Katherine Willard in the first rank of America's leading actresses. Her appearance at the Myers Grand last night showed the little lady at her best. From the rising of the curtain on the first act in the garden of the music teacher, Winter, up to the time when she falls in a swoon over the body of her lover, thus escaping the intrigues of a scheming woman, Miss Willard held her audience.

Her part, that of Arla, the daughter of a poor music teacher, is a difficult one to portray. By nature and heart Arla is a pure sweet woman whose one passion is her love for Baron Ronald Von Hohenlohe. Through the intrigues of a scheming woman who is the plaything of princess, Duchess Von Waldheim, Arla is forced to play the part of a wanton or see her aged father and mother tortured and killed. With breaking heart Arla plays the part but at the last moment when her final ruin is planned by the use of drugged wine, she rebels and her acting at this critical moment is superb.

Scorning the Duchess, the courtiers and the plotters, she forces the Duchess to her knees and the curtain drops in a triumph for Arla. Miss Willard has a wonderful control over her voice and throughout the whole play seems to have kept it in reserve for the supreme moment of denunciation of the devil in woman's form, who is breaking her heart and taking her lover away from her.

Miss Willard is of charming personality. A southerner by birth, some of the softness of the sunny south seems to have remained in her features and the delightful way in which she talks, using that peculiar southern lisp which adds to the pleasure of a chat with her. Her home is now in New York and to New York audiences Miss Willard's name and reputation as an actress is well known. This is her first trip into the western country and everything is new and strange to her. She is an ardent admirer of beautiful scenery and delights in the views she has had of Wisconsin country she has thus far seen.

Miss Willard is making a five week trip this spring in "The Power Behind the Throne" but next season will again come over the same ground she has now traveled and will be at the

Myers Grand some time in November. Her audience last night was composed of the best critics in Janesville and they appreciated the efforts Miss Willard made clearly showing their approbation by liberal applause.

Miss Willard was supported by an able company who have been together for the last thirty-five weeks. Mr. Lorimer as the Baron cleverly portrayed the part assigned to him and Miss Lillian Norris, the wicked Duchess, played her part with exceptional feeling. W. H. Pendergast as the scheming secretary and William Frederic as the president and father of the Baron added much to the interest of the play.

The scenic effects of the performance were especially fine and the four acts took the audience from the garden of the music teacher, from his simple home itself, into the palace of the Duchess, where everything was of regal splendor.

"My Sambo," a fetching little darkey love song and dance by the magnetic and graceful Eva Tanguay; "We're All Good Fellows," a rousing number by a triple male quartet; "A Gentle Touch," a duet by Trilix Friganza, the New York Casino favorite, recently returned from her London triumphs and Mr. Conor; a comic trio called "Talk, Talk, Talk," in which Mr. Jones, Miss Tanguay and Mr. Red introduce some clever dancing, and "The Little Maid Who Couldn't Say No" by Nellie Follis. Another comedy number making a pronounced hit is the trio entitled, "The Man Behind the Screens," sung by Messrs. Conor, Miron and Miss Friganza. It illustrates the mishaps which sometimes occur behind the scenes to mar a stage performance.

BRIDGE GIVES WAY AND MAIMS MANY

Temporary Sidewalk Structure
at New York Proves
Too Weak.

FALL KILLS NEWSPAPER MAN

Crowd Had Gathered to Watch
Procession in Honor of Rochambeau
Visitors, and Grumbled at Police
Who Tried to Avert the Accident.

New York, May 28.—One dead, twenty-seven severely injured, some perhaps fatally, and at least fifty others bruised and hurt, is the result of the collapse of a temporary bridge upon which about 300 persons had crowded to watch the passing of the parade in honor of the distinguished visitors from France.

This accident happened at the site of the old Chickering Hall structure at the northwest corner of Fifth avenue and Eighteenth street, where an excavation is now being made for a new eleven-story building. A bridge had been built across the excavation in place of the former sidewalk.

That the accident did not have much more serious results is due to a great extent to a warning given by Peter Schultz, a Brooklyn contractor, who saw that the structure was weak and notified the police that it was about to fall.

Captain Foody gave prompt instructions to have the bridge cleared. This was being done when the structure collapsed in the middle. Before it gave way, fully 200 persons, grumbling at being disturbed, had been driven into the street.

Span Gives Way.

Suddenly the middle span gave way. There was a great outcry. Women shrieked for help, while men cursed because they were unable to help themselves or assist others who were being crushed. The crowd up and down the avenue, not knowing what had occurred, pressed forward to see, and the inevitable result followed of adding confusion and making a general panic probable.

For a moment the members of the Twenty-second Regiment, which was marching by, stood still. Then an officer gave an order and the lines broke into fours and wheeled right and left. This swept the crowd back and gave the rescuers room to operate.

Three policemen were first to give assistance to those who were pinned under the timbers. The three men risked their lives, and by the exertion of great strength literally held the bridge on their shoulders. Had it not been for them the structure would have piled in on the mass of men and women below.

Man Loses an Eye.

Captain Titus, chief of the detective bureau, helped as he could at the rescue work, until he came upon a man who had lost an eye. The ragged end of a timber had torn his face, and as Captain Titus raised him up the eye fell from the socket into the sand. After that the chief of detectives retired for a few minutes to get fresh air.

The parade paused while the members of the militia worked in the ruins. When all of the injured had been taken out and after the crowd had been driven back so that there was no more danger of a panic the Twenty-second Regiment took up its march past the reviewing stand.

Those who were not so badly hurt were taken care of by their companions. It was because of this that the following list of the injured, prepared by the police, is incomplete.

ENGINEERS TO QUIT MINES ON JUNE 2

Official Announcement That Firemen
and Pumpmen Will Join in
General Strike.

Pottsville, Pa., May 28.—That all the large coal mines in the lower part of the Schuylkill anthracite coal region will be deserted by the engineers, pumpmen, and firemen on June 2 was officially announced on the part of the employees by Executive Officer Thomas J. Richards of Minersville. Mr. Richards said:

"The pumpmen and engine runners held two representative meetings in Minersville, the first covering individual operations and the second Philadelphia and Reading operations."

"The situation was fully discussed by the men, who also sought my opinion and explanation of the order to be obeyed on June 2, when it was decided to abandon the meetings called for on Wednesday and to fully obey the laws of the special orders issued by the organization."

"I am not afraid of the result in Schuylkill on June 2, and I am safe in predicting that with few exceptions all engineers, pump runners and firemen will cheerfully obey the order to cease work on June 2 if the demands are not complied with."

The unanimous action of the firemen and pumpmen in determining to strike is thought to be a sure forerunner of trouble at the collieries next Monday.

BAD BLOOD TELLS

You have the most convincing evidence of this fact every day. Otherwise beautiful faces marred with black heads, blotches and pimples, muddy or sallow complexions, and red, rough or oily skins are some of the most common and conspicuous symptoms of bad blood.

You can hide these ugly and humiliating blemishes by glazing them over with face powders and rouge, and the rough and discolored skin is made white and smooth by a lavish use of cosmetics, but these artificial complexions and false skins only last for a day, when the eruptions and spots stand out as bare and brazen as ever. The natural beauty and smoothness of the skin cannot be permanently restored by the use of external applications, for the reason that these skin diseases are due to some poison or humor in the blood that must be antidoted and eliminated before the skin can or will return to a healthy state. Under the purifying and tonic effects of S. S. S. all impurities are expelled from the blood, the general health is invigorated, and all disfiguring and annoying eruptions promptly and permanently disappear from the skin, and it becomes as soft and smooth as ever.

Bad blood tells in many other ways. Itching and burning eruptions, rashes and sores, boils and carbuncles show the presence of some irritating poison or unhealthy matter in the blood, and these aggravating troubles will continue until the weak and slow circulation has been quickened and the deteriorated blood made rich and strong again. Some are born with bad blood, and it begins to tell in infancy; scrofulous affections, sore eyes, scalp diseases, nasal catarrh, stunted growth, brittle bones and soft, flabby muscles are some of the early manifestations of bad blood by inheritance. These symptoms, if neglected, may develop into some deep-seated and serious blood trouble later on in life, but the timely use of S. S. S. will check the disease in its incipency, remove all taint from the circulation, and the little sufferers grow into healthy manhood and womanhood.

When the blood is healthy and pure it tells a different story, a smooth and flawless skin glowing with health, a sound body and active brain, well nourished system, good appetite and digestion, and restful and refreshing sleep. S. S. S., combining both purifying and tonic properties, contains all that you need in the way of a blood builder and skin beautifier.

S. S. S. is Nature's Remedy. It contains no Arsenic, Potash, or other mineral, but is strictly a vegetable blood purifier and tonic that can be taken without fear of any hurtful effects, and with perfect assurance of a speedy and lasting cure. Our illustrated book on the Skin and its Diseases contains much plain and practical information about eruptive diseases, their cause and cure, how to take care of the skin, etc., that will be of inestimable value to all sufferers. We will mail you a copy free.

Write us about your case and our physicians will gladly furnish any information or advice desired without charge.

WEATHER FORECAST.

Generally fair tonight and Thursday.

LOSING GROUND DAILY.

The convention last week in LaFayette and Green counties to elect delegates to the First district congressional convention disclosed the reason for the demand on the part of the Half-Breed state central committee for an early state convention.

Gov. LaFollette is losing ground daily, and the longer the convention is delayed, the weaker he will be. This is the fact most clearly indicated by the results of those two conventions held in the counties that have always been hot-beds of LaFollettism.

In LaFayette county, where LaFollette attended the district school in his boyhood days; where he has never had to do more than say that he wanted something to capture a solid delegation, his leaders were obliged to strain every effort to prevent the Stalwarts from controlling the convention. In fact, a majority of the delegates elected to the convention were Stalwarts; and had the Stalwart leaders been active after the caucuses as they were before, they would probably have controlled the convention. They rested on their laurels and the Half-Breeds obtained proxies. It is true that so little interest was taken that in two precincts that would probably have returned Half-Breed delegations, no caucuses were held.—Milwaukee Journal.

The Milwaukee Journal is forced to acknowledge what has been apparent to many Republicans for a month, that the Governor's cause is on the wane. The fact is so apparent that only vision blinded by prejudice, fails to see it.

Republicanism in Wisconsin means more than personal ambition, and if the Governor has not yet discovered, he will in due time, that the rank and file of the party do not approve of his leadership.

As the campaign advances, it is becoming more and more apparent, that the contest is between Republicanism pure and simple, and LaFollettism with all its vagaries. The former is as old as the state and its life will be perpetuated through the century. The latter is of modern vintage. It sprang into existence like a mushroom and it will disappear from the political horizon like the reflection of a meteor. The brilliancy of this new faith dazzled the mind and captured the vision of a crowd for a time, very much as Bryanism deluded the people, but meteors are too rare for every day use and a little difficult to follow by the ordinary mind.

The end of LaFollettism is in sight. Two years of an administration, noted for nothing but a continuous political campaign, is all that the state desires of this kind of a farce.

The Republican party will again assume control and under the leadership of John M. Whitehead, the state will be assured of wise and conservative government.

COAL AND COKE.

The coal trade since January 1, has generally exceeded that of corresponding period of last year. Cincinnati gained 42.5 per cent. St. Louis shows an increase of 13 per cent. The Chesapeake and Ohio coal tonnage for nine months ending with March, was 4,299,000 tons, compared with 3,918,172 tons last year. The coal and coke tonnage over the Pennsylvania lines east of Pittsburg and Erie, reached a total of 11,837,998 tons to April 26th of this year, compared with 10,930,812 tons last year. Connellsville coke shipments this year, averaged 10,747 cars per week, compared with 10,549 cars per week last year. Coal shipments to domestic ports on the Lakes, mainly from lower Lake ports, were 930,096 tons this April, compared with 56,653 tons last April, while coastwise and foreign shipments for the first four months of the year amounted to 2,527,673 tons, of which 693,921 tons were hard coal, and 1,833,752 tons soft coal. The iron ore shipments of 1,774,652 tons bring the tonnage of these two chief articles in Lake trade to a total of 4,302,325 tons for the first third of the year. Coal receipts at Boston were 1,762,766 tons, compared with 1,559,313 tons last year. Coal and Coke traffic over the Norfolk and Western Railway to the end of March increased 13 per cent over last year and the Baltimore and Ohio's traffic for April increased 28 per cent, above April, 1901.

THE FLOUR TRADE.

The magnitude of the Minneapolis flour trade will be appreciated by the following statistics from the Treasury Bureau, at Washington:

The flour trade in the Northwest is best measured by Minneapolis shipments. The total shipments for the first 18 weeks of this year were 5,413,154 barrels; 4,874,538 barrels in 1901 and 5,713,848 barrels in 1900. For export the average weekly shipments were lower by one-half in 1902 than those of the 1st 18 weeks of 1901, and less than half of the total export shipments for corresponding period in 1900. Foreign trade in flour

has evidently undergone radical changes.

Five and one-half million barrels of flour in eighteen weeks means, a great many train loads. It means many thousands of acres of wheat, as well as substantial wealth to many producers.

The resources of the great Northwest are difficult to comprehend. While Wisconsin is rich in iron and lumber, dairy and tobacco, the great wheat producing belt of Minnesota, the Dakotas and the far West contribute food supplies in quantity to more than supply the nation. The tonnage of lake freight handled last month makes a wonderful showing.

On the Great lakes the month of April made an extraordinary advance over that of the preceding year. A total freight tonnage of 3,282,841 tons received and 4,151,090 tons shipped is reported in contrast with last April's movement of 338,135 tons received and 545,709 tons shipped. This difference between shipments and receipts represents in a general way the amount of freight shipped during the last several days of the month, the arrivals of which occurred in the tonnage, passing through the Sault Ste. Marie canals in April was 2,322,879 tons compared with 10,121 tons in 1900, and 593,191 tons in 1901. The Portage Lake Ship canals show a registered tonnage of 88,665 tons.

THE IRON TRADE.

The iron trade for the first four months of this year furnished a tonnage of 657,670 tons in contrast with 529,181 tons for the corresponding period of 1901. The home demand for pig iron from this quarter has almost extinguished exports. Out of a total shipment of 145,261 tons of pig iron in April, only 149 tons were credited to export from Southern Iron territory.

LUMBER AND FLOUR

On the Pacific coast lumber shipments from the red wood regions of Upper California, were in round numbers 11 millions of feet ahead of those of 1900, and 3 million feet greater than 1901. Everett, Washington, shipped 18,500,000 feet of lumber in April alone. At the port of Tacoma the outward freight tonnage for the first four months of 1902 was 345,593 tons and the inward tonnage 42,488 tons. Of the 1,283,554 barrels of flour for the Orient, Portland contributed 517,478 barrels, Tacoma 450,520 barrels, and Seattle 315,553 barrels.

The endorsement of Senator Whitehead by the Congressional convention will have a good effect throughout the state. It settles all questions about his home popularity, and practically assures a united delegation for him in the state convention. La Fayette will be in line and Green will realize the hopelessness of a forlorn contest.

The fight precipitated in the two conventions recently held was the direct result of interference on the part of the governor's forces. They have been claiming for a month that they would control and pass resolutions endorsing the state administration. The contract was a little large and failed to be carried out.

The convention yesterday was an old time republican gathering. Many of the old wheel horses of the party were in attendance, and there was no question about the conservative majority. The first district has set the pace for others that will follow, and it will be found that state issues will be difficult to bar.

PRESS COMMENT.

Ashland Press: Perhaps it is the new behavior rule of the senate that makes senators apologize for forgetting good manners.

Green Bay Gazette: What is the use of making Limburger in Wisconsin? Is not the Republican spackle sufficiently odoriferous?

Marquette Eagle: The miners also want a little of the money that the trusts have been using in buying up foreign industries.

Chippewa Herald: We believe the present activity in the wild land market is but a starter and that vast fortunes are yet to be made.

Waukesha Freeman: If the people of this country become as strenuous as nature appears to be this year, the record will eclipse everything recorded previously.

LaCrosse Republican and Leader: Strikes are hard lessons and they usually bear hardest on those who have nothing to do with them.

Evening Wisconsin: Col. Starkey would have a basis for another libel suit against the Free Press crowd, but for the fact that answers in legal proceedings are privileged communications.

Eau Claire Telegram: To think that on top of all this an extra session of the legislature is talked about, is enough to make a wooden Indian dizzy, and goes to show that there are people who think they are not getting their share of trouble.

Kenosha News: The governor ordered the convention to be held at Madison in the interests of harmony. He thinks that after the delegates have slept on the grass and eaten at the student's boarding houses they will be too weak to fight much.

Milwaukee News: That was a real mean trick the members of the Republican state central committee played on Governor LaFollette when they located the state convention at Ma-

dison and didn't let the governor know a thing about it.

Beloit Free Press: It will be remembered that two years ago the Janesville Assembly district sent a solid LaFollette delegation to the State convention. Well, it won't do so this year. Whitehead is not without honor in his own home.

Racine Journal: The eighth Whitehead letter shows the amended Stevens primary bill deprived political parties of right or self-government and enlarged the power of the political machine.

Milwaukee Sentinel: Governor LaFollette poses as the champion of pure primaries. His followers at Janesville attempted to pack caucuses. His organ in this city openly asserts that it is not only lawful but right for the voters of one party to take part in primaries in another party. So anxious is it to make the point, that it neglects to refer to a section of the law, from which it quotes that it is of vital importance.

WORLD'S GREATEST BUSINESS.

Learn Advertising if You Would Win Success.

Nearly every business and profession is sadly overcrowded and the young man or woman entering upon a career is sadly handicapped. It is necessary to work and strive for years with scarcely any income before success begins to appear over the horizon. There is one business, however, which is the exception that proves the rule, and, strange to say, it is the world's greatest business—advertising. More money is spent in America for advertising than for any other one thing; and yet the advertising business is sadly in need of trained, able, experienced men and women. Business men are obliged to pay extravagant salaries for the assistants they require. It is strange that more young people do not learn the advertising business instead of struggling along in the lines that are now overcrowded. Those who work in stores and offices and are preparing for some special business career should also learn advertising. So should the man in business for himself. A knowledge of advertising always places its owner head and shoulders above his surroundings. It brings additional salary at once and rapid promotion. It enables the business man, young or old, to outstrip competition. It is the one business which is open to every other business; the one thing without which in these hustling twentieth century times, success is impossible.

It has hitherto been through necessary in order to learn the advertising business "to go through the mill," commencing at the bottom and working gradually up through long years of experience and hard work.

Mr. Charles Austin Bates, Vanderbilt building, New York, the eminent advertising authority, recently completed plans for placing a knowledge of advertising in all its branches in the possession of anybody who cares to gain it. This plan enables the learner to commence earning money almost from the start and the cost is but slight. Mr. Bates will send full particulars to anybody who asks for them.

PHENOMENAL

SUCCESS OF THE OLDSMOBILE MACHINE, DURING THE PAST SEASON.

Sold in All Portions of This Country as Well as in Europe.

The phenomenal success of the Oldsmobile during the past season has demonstrated beyond all question of doubt that it is the automobile for which the public has been anxiously waiting ever since the beginning of the industry. The Oldsmobile Works are making a machine that is ready to go any distance, starting at a moment's notice; the truth of this claim having been demonstrated by the enormous sales.

It has gone into the hands of the inexperienced with the most satisfactory results, and was unquestionably the most popular motor carriage of the year, the demand far exceeding the capacity to build them.

The Oldsmobile will be found in every state in the Union, working in any climate, over all sorts of roads, and giving a good account of itself, even under the most unfavorable conditions. It is simple, durable and reliable, the result of sixteen years' practical experience in building gasoline motors, and of careful attention to detail in construction, realizing all of the many requirements necessary to produce a satisfactory automobile, when in the hands of inexperienced people.

The Oldsmobile is strictly a runabout, weighing but 800 pounds. It is made in but one style, and only one finish, each and every part being made to a standard. The range of speed is from three to twenty miles per hour, over city streets, boulevards or country roads; the light weight and mode of construction enabling the carriage to run smoothly over rough or heavy roads, that would be quite impassable for those of a heavier type. It is tested before shipping with a load on a 20 per cent grade, and as the grade of the average hill is only 10 or 12 per cent, the tests show the vehicle to have ample power for any section of the country.

TO DEDICATE THE NEW CHURCH ORGAN

Opening Recital on the Jeffris Memorial Organ at the Congregational Church, June 4.

Work on the Jeffris Memorial organ and the Webb Memorial Echo organ which are being built at the Congregational church by the Kimball company, of Chicago, is progressing rapidly and will be completed within the next week. The first opportunity of hearing this new three manual organ and echo organ, which is by far the finest church organ in the city, will be given the public on Wednesday evening, June 4, when the opening concert will be given. This first use of the organs will be devoted to an organ recital and the organist will doubtless be Harrison Wilde, the celebrated organist of Grace Episcopal church of Chicago. An effort is being made to secure Mr. Wilde and it is tacitly understood that his consent to give the opening recital will be gained. He will be assisted by a vocal soloist but just who it will be has not been determined.

Formal Dedication June 8.
On the Sunday following the opening concert the organs will be formally dedicated. Both the morning and the evening service will be devoted to the dedication and both services will be largely musical. At the morning service a dedication hymn will be sung, the words of which were written by Rev. Robert C. Denison and which has been set to the music of an old church hymn by Barnby.

Concert By Children's Choir.
As soon as possible after the dedication the annual spring concert by the children's choir, under the leadership of Mrs. W. S. Jeffris, will be given. The date has not been definitely fixed but it will probably be some evening of the week following commencement week.

It has been hoped for some time that the opening concert might be held June 4 but it was feared that the work would not be completed by that time. F. W. Hedeland, manager of the Kimball Co.'s organ manufacturing department came up from Chicago yesterday to see how the building of the organ was progressing and he assured Mr. Jeffris that it would be completed by the fourth without fail.

CITY NEWS IN BRIEF

More Concrete Work: Brown & Connors have started on the concrete work on South Jackson street and have stoned on about two thirds of the first block.

Addition Planned: A new pattern room for the New Doty Mfg. Co., was started yesterday. The building will be 36x70, one story and basement and will adjoin the Isabell factory on the north.

Foundation Is In: The rough stone work on the foundation of the new public library was completed yesterday, and the first layer of cut stone put in place. Cullen Bros. are rushing the work along as rapidly as possible to have it completed in contract time.

Shut Down Night Force: The Janesville Barb Wire Works last night shut down their night shift and let out a large force of men. The works have been running twenty hours a day, but on account of a let up in the orders the night force has been laid off.

Celebrates Birthday: Chief of Police Hogan passed the half century mark yesterday and looks as if he might live fifty years longer so lightly has the hand of time rested over him. Chief Hogan has looked after the police interests of the city for the past twenty-two years and has the respect of all for his efficient services.

A Delightful Party. One of the truly enjoyable dancing parties of the season was given last evening at East Side Odd Fellows' hall by Ben Hur court No. 1, Tribe of Ben Hur. It was the closing party of the series given by the lodge and was a very successful affair, especially from a social standpoint. Smith's orchestra furnished some of its best music and the attendance was just large enough for a pleasant time. Dancing continued until 12:30 o'clock when the closing waltz was played.

IN THE VALLEY OF THE SHADOW

MRS. AUGUSTA DAVIS

Funeral services for the late Mrs. Augusta J. Davis, were held from the home of her son, George H. Davis, 159 South Main street, yesterday afternoon and were largely attended by sorrowing friends. The floral offerings which bore messages of sympathy to the bereaved family, were numerous and beautiful. Rev. J. T. Henderson, pastor of the Presbyterian church conducted the sad service at the conclusion of which the remains were taken to Oak Hill cemetery for interment. The pall bearers were J. M. Bostwick, David Brown, W. B. Conrad and Leslie Trent.

Mrs. August Moehns
The funeral of Mrs. Augusta Moehns was held from her late home, 31 Clark street at 9 o'clock this morning. The Rev. J. C. Koerner officiating. The remains were taken to the St. Paul station and shipped to Monroe for burial. The pall bearers were S. S. Higby, Fred Schroeder, John C. Raubacher, Wm. Burnham, Carl Kreuger and Wm. Baum.

A WISE DOG.

Would Rather Die Than Vote Democratic Ticket.

The last Sunday Record-Herald had an interesting account of the wonderful performance of George B. Clason's collie dog "Bozzie" before President Roosevelt and family. Mr. Clason is well known in this city and his many friends here, that have seen his wonderful dog perform.

President Roosevelt had heard of "Bozzie," and requested Mr. Clason to show the animal to him and his family and invited guests. He sent Mr. Clason transportation for himself and wife and the dog, from Chicago to Washington, and last week Mr. Clason gave the performance. The President and his family were highly pleased with the performance and could hardly be made to believe that a dog could do the things done by "Bozzie." Her mind reading and counting tricks were beyond the comprehension of the audience.

Mr. Clason took one of Bozzie's puppies down to Washington with him and presented it to Master Kermit Roosevelt. The puppy already does several tricks and the President declared that it should be taught to do everything that Bozzie could do.

One particular trick that pleased the audience, was when Mr. Clason said: "Bozzie, what would you do before you would vote for a democrat?"

Bozzie looked at him a second, laid down and pretended to be dead. This naturally caught the audience.

Chinese Regard for Americans.
The Chinese cruiser Hal-chi went to Manila for the purpose of paying honor to Gen. Chaffee. The captain, Sah, says the Chinese regard Chaffee as their friend and know how much China owes to his influence with the foreign generals when in Pekin and that the Chinese are being taught that their greatest friends among the foreigners are the Americans.

ENJOY PLEASANT MUSICAL EVENING

Mr. and Mrs. Ingersoll and Miss Angel Entertain Their Friends at a Song Recital.

Mr. and Mrs. A. J. Ingersoll and granddaughter, Miss Belle Angel entertained a large company of friends in the parlors of the Congregational church last evening. A song recital by Miss Angel, assisted by Miss Harriette Collier, of Freeport, Ill., at the piano and Oscar Halverson, violinist, was the form of entertainment provided and proved most enjoyable to those who were present.

Miss Angel's program was an excellent one, her choice of selections being especially happy. For the most part they were the dainty love songs and lullabies which are best suited to her soprano voice and each selection was an exquisite musical gem. The six numbers which Miss Angel sang were "My Nightingale," by DeKoven; "Constance," by Weber; "Poppies," by DeKoven; "Slumber and Rest Time," by Sheldon; and "In Bracken Time," by D'Hardolot.

Miss Angel was especially pleasing in the lullaby and in the closing number and on her final appearance she was greeted with quite a storm of applause both before and after the song. Miss Angel never sang better than she did for her friends last evening. She is a young vocalist whose careful and conscientious study has won recognition and admiration and the approbation of her friends was manifested last evening.

Two violin solos by Oscar Halverson added greatly to the evening. The selections chosen by him were "Madrigal," by Simonetti and "Lullaby" by Gottschalk and in the interpretation of both the young player's talent as a violinist was at its best. Mr. Halverson's playing is characterized by depth of expression, delicacy of finish and an entire absence of harsh or sharp notes.

The accompaniments for Miss Angel and Mr. Halverson were faultlessly laid by Miss Collier, of Freeport, formerly of this city. Miss Collier is an accomplished pianist of much talent.

At the close of the program there was a short session of informal sociability during which Miss Angel and her assisting musicians were congratulated and thanked for the pleasant program.

The duty of ushering was performed by Misses Marjorie Nicholson, Ada Longley, Edna Blinn and Mabelle Charlton. The newly decorated parlors make an ideal place for the holding of such a recital, the large rooms having the appearance of a portion of a handsome residence.

ECHLIN WINS SHOOT

Captures First Money in The Weekly Gun Club Shoot

The Janesville Gun Club held its regular weekly shoot at Athletic park yesterday afternoon. The attendance was small on account of a number of the members being engaged in the convention. Four matches at blue rocks were shot, and the scores averaged up better than at any previous shoot.

At one time Janesville had a gun club that could hold its own with any club in the state, but the sport has been allowed to die out and most of the best shooters are out of practice at this kind of shooting.

A gun club has recently been organized at Edgerton and has about 60 members. They hold regular weekly shoots and a team match at blue rocks may be pulled off during the summer.

A movement is on foot among the Janesville boys to hold a two days' tournament during the latter part of the season. A program will be arranged that will attract outside shooters. Ed. Bingham of Chicago, the well-known trap shot, has volunteered his services to manage the event in case the club decides to hold a shoot. Mr. Bingham is an experienced hand at this business and his being connected with the shoot would insure its success.

The scores for the four ten bird shoot matches shot yesterday afternoon were:

Edlin	2	3	4
Brown	5	9	8
Kelly	5	3	5
Sealding	5	6	3
"Doc"	2	9	8

COUNTY BOARD MEETING.

All Supervisors Present, and After Organization, They Adjourn Till Thursday.

The special May meeting of the Rock County Board of Supervisors, was called to order at 2 p. m., by Chairman J. L. Bear, of the last board. The roll call showed that all the members were present, with the exception of Supervisor M. E. Conway. The call for the meeting was read by Clerk Starr, who also read the notice for the members.

The first business before the board was the election of a chairman for the ensuing year, S. J. Jones and C. H. Merrick acting as tellers. The clerk announced the result of the ballot to be as follows: Whole number of ballots cast, 37; of which A. E. White received 32; A. C. Powers, 3; H. Nelson, and J. L. Bear 1.

Mr. White was declared elected to the office of chairman, and took the chair after thanking the board for the honor conferred upon him.

On motion of Supervisor Bear the rules governing the last board were made the rules of the present board.

County Clerk Starr presented a petition from the register of deeds in regard to the condition of the books in his office. The chair appointed John Campbell, L. E. Gettle and J. C. McEvoy as such committee.

As there was no unfinished business and no committees yet appointed to go on with the work, the board adjourned until 10 a. m. Thursday to allow the chairman to select his committees.

Ex-Governor George W. Peck and Joseph B. Doe are enjoying a few days' fishing at Koshkonong.

NEWS OF A PERSONAL NATURE.

Wm. T. Pomeroy has returned from a visit in Edgerton.

H. S. McGiffin was in Madison yesterday, receiving tobacco.

J. B. Gibbs of Whitewater, was a visitor to the convention yesterday.

Mr. and Mrs. M. J. Yahn have welcomed a baby boy to the family circle.

Miss Hattie Ryan is able to be out again after a three weeks' sickness.

L. L. Leffingwell is having the interior of his place painted and re-decorated.

Sanford Soverhill was in Edgerton yesterday, looking over the tobacco interests.

J. G. Monahan of Darlington, was an interested spectator at the convention yesterday.

Prof. Charles Hemmingway, of Albany, spent yesterday in the city.

E. C. Burdick, the well-known traveling cigar man is confined to his bed by illness.

C. B. Wyler of Milwaukee, an old Janesville boy, was in the city yesterday, calling on the local cigar dealers.

There will be a regular meeting of Janesville Chapter No. 89, O. E. S., this evening at 8 o'clock, at Masonic hall.

Mrs. Ray Clark of Newville, who has many friends in this city is dangerously ill at her home in that village.

W. T. Whitney of Chicago, who broke his leg last week, is getting along nicely. The bone has begun to knit, and he will soon be on the highway to recovery.

Mayor Victor P. Richardson, Alderman H. M. Gilkey, W. H. Greenman and George D. Simpson are figuring to leave on Thursday for a trout fishing excursion around Mountain, Mich.

SEAT SALE IS SMALL.

Chaperon Company Deserves Better Patronage Than It is Receiving.

The advance seat sale for "The Chaperons," which is to appear at the Myers Grand tomorrow evening, opened at the box office this morning in an indifferent manner, which was a surprise and a disappointment to Manager Myers. He had expected that all the best seats in the house would be taken before noon, and the small sale seems more than passing strange, as Janesville people ought to be well enough informed to know the value of the coming attraction from the names of the artists connected with it.

The company is one of the strongest and best in the country, and has played both in Chicago and Milwaukee. The same company which plays here will go to the Casino in New York City for the coming season.

Manager Myers adds his personal guarantee that the production will delight the most fastidious critic.

Fifty cents will be charged for the Y. P. S. party at Assembly hall next Monday evening.

VOWS EXCHANGED AT HYMEN'S ALTAR

Miss Ceola Pelton Happily Married to Walter H. Browne of Chicago, This Morning.

The marriage of Miss Ceola D. Pelton, of this city and Walter H. Browne of Chicago, was happily solemnized this morning at half after ten o'clock at the home of the bride's parents, Mr. and Mrs. E. H. Pelton, 158 Glen street.

The wedding was a quiet home affair, only the immediate relatives of the contracting parties witnessing the happy event. The ceremony was performed by the Rev. Robert C. Denison, pastor of the Congregational church.

Both bride and groom were unattended. The bride was handsomely gowned in white and carried a large bouquet of white roses. Choice cut flowers also beautified the parlors in which the service was read. Following the ceremony and congratulations an elegant wedding breakfast was served and the happy couple left on the noon train for their future home in Chicago.

The bride is the youngest daughter of Mr. and Mrs. E. H. Pelton and is a young lady who has a large circle of friends, having grown to womanhood in this city. The groom is a prosperous young business man of Chicago, being a stock broker and real estate agent.

He and his bride have the best wishes of many friends for their future happiness and prosperity. A wedding reception will be tendered them at the groom's Chicago home.

Among the guests at the wedding were Mrs. Henry Browne of Chicago, mother of the groom and Willis Walrath, of Edgerton.

An Over-Fed Brain Can't Sleep.
In sleep it is well known that the brain's blood supply is very much diminished. When the blood supply is lessened the brain becomes quiet, dormant; it is wooed by slumber. This explains why one is unfitted for mental effort and is apt to be dull and sleepy after a heavy meal. The blood has been called to the abdomen to carry on digestion.

High blood pressure in the brain stimulates mental activity. It makes the brain cells active, so that they think and think, and cannot stop thinking, and when there are no common sense things left to think about they picture to themselves a weird phantasmagoria of nonsense and hold meaningless conversations until the bored sufferer would fain escape his own thoughts as a purgatory. The extreme of this condition of blood pressure is the delirium of fevers.

This is the artificial condition produced when the spinal mechanism is in such shape osteopathically that more blood is pumped through the brain at night than there should be. It is likely that most sufferers from insomnia have analyzed their feeling to the point of knowing that sleeplessness and high blood pressure upon the brain go together, while, of course, the entire medical profession accepts this much; but it remained for the osteopaths to learn how and why the condition is established as a primary disturbance; and to find ways and means to cure it—which they do always in such primary conditions most successfully.

Every woman has a dread of being "mannish," yet strangely enough it is the delicate, refined type of woman who most frequently suffers from this undesirable growth. HOUSE SALOON TO BE CLOSED

Revenue Collectors to Refuse

Precincts.

IS VICTORY FOR TEMPERANCE

Mr. Cochran of Missouri Suggests That
Members Could Effectually Abolish
Drinking Resorts By Withholding
Their Patronage From Them.

Washington, May 28.—The house decided that the bar in the basement of the capitol shall be abolished. This victory for the temperance people was accomplished during spirited debate over the Shattuc Immigration bill, which was passed after being amended in some important particulars, perhaps the most important of which was an amendment prohibiting the sale of intoxicating liquors at immigrant stations. This amendment was adopted 83 to 18.

Other notable changes in the bill are those increasing the head tax on aliens coming into the United States by land transportation from \$1 to \$1.50; adding to the excluded classes epileptics, persons who have been insane within five years, anarchists, or persons who advocate the overthrow of government by force, prostitutes and procurers (whose importation is now a felony, but whose entry is not prohibited); broadening the word "contract" in the contract labor law to include "offer, solicitation or promise"; providing for the fine of steamship companies which receive at the port of departure aliens afflicted with loathsome or contagious disease instead of providing as now for their deportation on arrival here; extending the time within which an alien who becomes a public charge may be deported from one to two years, and providing that immigrants over 15 years old should be able to read some language.

Mr. Bowersock of Kansas offered the amendment to make it unlawful to sell intoxicating liquors in any immigrant station. Mr. Shattuc made a point of order against the amendment, but it was overruled, whereupon he offered a substitute, permitting the sale of beer at immigrant stations. Mr. Kleberg of Texas thought the government should not go into the prohibition business, and Mr. Adams of Pennsylvania advocated Mr. Shattuc's substitute. Mr. Landis of Indiana favored the Bowersock amendment and made a brief speech in support of it.

Will Close House Saloon.
"If you are so keen about prohibition on government property why do you not vote for a resolution to prohibit the sale of liquor in this capitol?" asked Mr. Shattuc.

"I would vote this instant," replied Mr. Landis, "for a resolution to prohibit the sale of beer, whiskey, or any other intoxicating liquor in this capitol."

Mr. Bartholdt (Mo.) opposed the Bowersock amendment. The vote was then taken upon the Shattuc amendment, which was defeated, 23 to 75. Mr. Shattuc then offered the following substitute:

"That hereafter it shall be unlawful to sell intoxicating liquors in any immigrant station or other building accessible to aliens owned or used by the United States government, or in the grounds appertaining to the same."

Mr. Mann (Ill.) raised a point of order against the substitute, provoking a round of applause when he characterized the amendment as pure "hysteria." Mr. Boutell, who was in the chair, sustained Mr. Mann's point of order.

Mr. Cochran (Mo.) then raised a laugh by dryly remarking that if the same number of gentlemen who now seemed eager to close up the bar in the basement of the capitol would abstain from patronizing it it would close up for want of business.

The Bowersock amendment was adopted—83 to 18.

Mr. Landis (Ind.) offered an amendment to prohibit the sale of liquor within the limits of the capitol building and Mr. Wheeler (Ky.) offered an amendment to the amendment to direct the collectors of internal revenue to refuse license to sell spirituous, vinous or malt liquors by retail to any person living in a country or district whose inhabitants have by vote prohibited the sale of intoxicating liquors. Mr. Shattuc raised a point of order against the latter amendment and was sustained by the chair, whereupon Mr. Wheeler appealed from the decision. The chair was sustained, 102 to 16. Mr. Landis' amendment to prohibit the sale of intoxicants in the capitol was then adopted—108 to 19. The Immigration bill was then passed.

ELECTION OF SENATORS.

Committee Reports That It Does Not
Favor Popular Vote.

Washington, May 28.—Mr. Burrows, chairman of the committee on privileges and elections, reported to the senate that the majority of the committee was opposed to the house resolution providing for the election of senators by the people; that a majority of the committee was in favor of the Depew amendment, providing the election of senators in all states shall be uniform and congress shall have power to enforce the amendment, and finally the majority of the committee was opposed to the resolution as

amended. In answer to inquiries Mr. Burrows said that the committee by majority vote had refused to report the resolution as amended to the senate, either favorably or adversely. He said the committee had not directed him to report the resolution to the senate, either favorably or adversely. Mr. Wellington (Md.) moved to discharge the committee from further consideration of the resolution. This motion went over at the suggestion of Mr. Hoar.

Conferees Agree.

Washington, May 28.—The conferees of the two houses of congress on the rivers and harbors bill reached a final agreement on that bill. The exact figures showing the aggregate result of their work have not been determined, but it can be stated that of \$9,500,000 appropriation added by the senate only about \$4,500,000 was retained, the provisions calling for the remaining \$5,000,000 being disagreed to by the house conferees. As the bill will be reported it makes a total appropriation of about \$65,000,000.

SECOND PRIMARY BILL DISCUSSED

Continued From Page 1.

cans voted aye. This vote settled the fate of the Substitute for the Stevens Bill.

On April 9th, an amendment in the form of a Substitute for 73-S (the same as the Stevens Bill) was introduced by Senator Hagemeister. The provision of this bill was for a primary election to be held biennially on the first Wednesday of September for the nomination of county officers. In order to be named as a candidate on the ballot one was required to make and file an affidavit as to his qualifications as a voter and as to his affiliation with the party whose surfer he was to ask, and to pay a fee. The largest fee required was \$10, the smallest, \$1.00. The form of ballot was borrowed from the Substitute for the Stevens Bill. When the vote was about to be taken on the bill, it was amended by incorporating a referendum clause as follows: "This act shall be submitted for adoption or rejection at the spring or municipal election of 1902. The Hagemeister Bill passed the Senate by the following vote: 'Ayes, 20; noes, 14.' Nineteen Republican Senators (a majority of the body) voted for the bill. Both the Democratic Senators voted against it. The Hagemeister Bill was messaged over to the Assembly on April 16th, and referred to the Committee on Privileges and Elections. The committee reported back an amendment in the form of a Substitute, which was in substance and form the Senate Bill introduced by Senator Miller, the original No. 73-S, the same as the Stevens Bill, which the committee had itself set aside for the Substitute which the Senate had rejected. The amended bill proposed, was made a special order in the Assembly on April 25th, and the vote then taken was as follows: "Ayes 47; noes, 44; absent or not voting, 1; paired, 8." This vote showed the Republicans six short of a majority of the house. Two Democrats again voted with the Republicans. The Assembly messaged its amendment over to the Senate April 26th, and on May 2nd, the Senate refused concurrence by a vote of 17 to 12, four of the Senators being paired, and the Republican majority being three. The action of the Senate was immediately messaged over to the Assembly. On May 3rd a motion for a committee of conference was lost in the house, the vote being: "Ayes, 48; noes, 48; absent or not voting, 1." The Republicans voting for the motion numbered 47, four short of a majority of the house. The question in the Assembly then being on adherence to its amendment, the vote when taken stood as on the motion for a conference committee. The Assembly receded. The question then was upon concurrence in the Hagemeister Bill. The vote stood: "Ayes, 48; noes, 46; paired, 4; absent or not voting, 2." The Assembly concurred in the bill. In due time the bill was transmitted to the Governor.

weakens the body and degrades the mind. It saps the nervous strength that is the source of all health, and perverts the functions of every organ. Because of its stubborn nature, it is often called incurable. This is not true. There is one medicine that never fails to check the nervous spasms and give new strength to the entire system.

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. What the danger was he might not understand, but he would take no chances. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is a loss of flesh, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for the prompt use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with sound, solid flesh.

Your kindness to me I can never forget," writes Mrs. Josie E. Clark, of Enterprise, Shelby Co., Mo. "I cannot express half my feelings of gratefulness to you. I had despaired of ever getting well. I had been in bad health for twelve years. I had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. In fact, I can't express half my bad feelings to you. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers. I think there is no medicine in the world as good as Dr. Pierce's."

If constipated use Dr. Pierce's Pleasant Pellets. They cure constipation, biliousness and sick headache. They do not produce the "pill habit."

SENATOR HANNA IS THEIR IDOL

Interest of Ohio Republicans
Centers About the Na-
tional Leader.

ORGANIZE STATE COMMITTEE

But One Anti-Hanna Man Selected and
He Has Been Reconciled—General
Grosvenor Will Sound Keynote at
To-day's Session.

Cleveland, O., May 28.—Enthusiasm for United States Senator Mark A. Hanna was the chief feature of the Republican State convention yesterday. Only one session was held, but committees were appointed and all made ready for the real work to-day.

Senator Hanna has been the center of interest since his arrival from Washington last Sunday. The conferences of leaders with him continued but when it came to the meeting of the delegates by Congressional districts the sentiment for him was demonstrated in an unprecedented degree. His friends had claimed eighteen out of the twenty-one districts and more than realized their expectations.

Interest centered in the selection of State committeemen, as the new State Central committee will have control next year when members of the Legislature are elected who will choose the successor to Hanna in the Senate. It is claimed that there was only one anti-Hanna man selected on the new State committee and that he "has been reconciled."

The drift of sentiment in all the preliminary meetings was most enthusiastic for the Senator, and in the convention the delegates would not rest till he got up and showed himself, although he insisted that he would not discuss the issues in advance of the keynote speech of General Grosvenor, who is to be the permanent presiding officer.

While the interests of Senator Hanna were paramount in the selection of all the committees, others were recognized in the selection of the Committee on Resolutions. Several Congressmen, Dick, Gill, Hildebrandt, Nevin, Skiles and Taylor, were selected on this committee and three members of the Legislature, Harding, Patterson and Cole.

The dress parade at this convention of candidates for the Republican gubernatorial nomination continued into the district meetings, which favored their respective favorites by placing Dick, Daugherty, Douglass, Harding and Taylor on the Committee on Resolutions.

At the meeting of the delegates of the Eighteenth Congressional District R. W. Taylor declined the nomination for re-election as Congressman on account of recent engagements as an attorney, but his friends were prompt in stating that this did not take him out of the race for the Governorship.

Convention Harmonious.
With the platform completed and only three nominations for minor places to be made, it is thought that the convention will conclude early to-day, although General Grosvenor will speak at length and the time of Senator Hanna's speech is something of which he himself is unable to give any information. There is some talk about calling out the candidates for Governor for trial heats on the platform if the work of the convention concludes early in the day.

Governor Nash was cheered on being introduced and spoke in part as follows:

"The most important part of the business of Ohio, mercantile, commercial, mining, manufacturing, and industrial, is carried on through and by means of artificial persons, created by the State and known as corporations. In them the capital of our people is invested more or less profitably. By them labor is employed and paid fair wages."

"These corporations should not be looked upon as the enemies of the people, but as their friends, capable of still further development and making useful the great resources of our State and giving to labor remunerative employment and to capital safe investment."

"I congratulate you that the National Republican party controls the destinies of this great republic. In the dark and gloomy days of 1896 it made promises full of brilliant hope for the nation. The people trusted, and we have entered upon a career unparalleled in the history of the world."

"I congratulate you that in the person of Theodore Roosevelt we have a President from whose lips fell the solemn pledge to pursue, without variation and untarnished, the great and beneficial policies of William McKinley. Our loved one has fallen, but the nation and her people live, to be blessed forever by his theories of government."

The new State committee organized with John B. Clingerman of Springfield as chairman and W. C. Wallace of Columbus as secretary, and adjourned subject to call.

MEMORIAL DAY.

SEVENTY MILL-ions of people will unite in paying the last tribute of a Nation's gratitude to its heroes. In every heart is love, in every thought admiration, on every tongue praise, for those gallant men who laid their lives upon the altar of their country in defense of the Stars and Stripes. They have written their names indelibly upon the pages of history—names that will as long as the dome of heaven canopies their graves
